Higher on Fire

Dream Evil

Even if it's serious
You got to have some fun
This is something we believe in
From the moment we begunHeavy metal thunder
Let the power take command
Got to keep it simple
Make people understandSome might say that we are all a fake
Just rednecks who pretend
But we don't really careWe're going higher on fire
With fire we force our way
We got a higher desire for life
We just ignore this indiscretion
Keep our heads up high
Staying faithful to our mission
To playing metal till we dieSo with metal chains and leather
We pree in lust
This music lasts forever
In metal we all trustSome might say that we are all a fake
Just rednecks who pretend
But we don't really careWe're going higher on fire
With fire we force our way
We got a higher desire for lifeWe're going higher on fire
With fire we force our way
We got a higher desire for life
We're going higher on fire
With fire we force our way
We got a higher desire for lifeWe're going higher on fire
With fire we force our way
We got a higher desire for life
