

# Earl Jean

## Beachwood Sparks

Tell me why, tell me where  
Tell me when and you know I'll be there  
Wearing my Earl Jeans  
You wear the flower in your hair Back in town, out of style  
Looking like you've never seen a smile  
Don't feel so strange  
As there could be at any moment a change I love a happy ending  
(Come around)  
It's lonely where you're standing I love a happy ending  
When you smile  
It's lonely where you're standing  
(Come around) I get those strange vibes  
I get those strange vibes  
No more estranged vibes
