Apple Tree

The Starlings

Nyssa, can you remember me?
I'm the one who picked the apple tree
Nyssa, can you remember me?
I'm the one who picked the apple treeNyssa, can you remember me?
I'm the one who picked the apple tree
Nyssa, can you remember me?
I'm the one who picked the apple treeYour doctor is so blind to see
Unravel some mystery in me
When I see the apples feed the skies
All my love I can't recognizeNyssa, can you remember me?
I'm the one who picked the apple tree
Nyssa, can you remember me?
I'm the one who picked the apple treeNyssa, can you remember me?
I'm the one who picked the apple tree
Nyssa, can you remember me?
I'm the one who picked the apple treeYour doctor is so blind to see
Unravel some mystery in me
When I see the apples feed the skies
All my love I can't recognizeNyssa, can you remember me?
I'm the one who picked the apple tree
Nyssa, can you remember me?
I'm the one who picked the apple tree
