

Everything But Mine

Backstreet Boys

Walkin' along the sky, chasin' a glimpse of you
Paintin' a world with stars I found inside your eyes
Up here above the haze, everything looks so clear
Wonderin' what it would be like if you were here And time, it takes time
But I cant wait
To tell you how I feel Oh, youre the calm when my world is crashing
My heart, my blood, my passion
Why, tell me why
Youre everything but mine I hold you close when it all goes crazy
And through it all, youd be my lady
Why, tell me why
Youre everything, everything but mine You dont have to be afraid
Of somebody elses touch
Just gimme a chance to prove
Just how you should be loved And time, it takes time
Its not too late
To tell you how I feel Oh, youre the calm when my world is crashing
My heart, my blood, my passion
Why, tell me why
Youre everything but mine I hold you close when it all goes crazy
And through it all, youd be my lady
Why, tell me why
Youre everything, everything but mine Everything but mine, oh, mine, now I know, sure baby
Someday youll come around, Im gonna leave the light on
And I wont let you down, no, I wont let you down
I wont let you down Oh, youre the calm when my world is crashing
My heart, my blood, my passion
Why, tell me why
Youre everything but mine? I hold you close when it all goes crazy
And through it all, youd be my lady
Why, tell me why
Youre everything, everything but mine Youre everything but mine, yeah
Everything but mine, yeah, oh Youre the sun, youre the star
Youre the moon, you're the rain
Love your lips, love your eyes
Drivin' me insane, oh baby, baby Oh, you're everything but mine, yeah
You're everything but mine
