

Deadwood Mountain

Big & Rich

I've been a rambler all my life
Been a 'bet it all gambler', yeah let it all ride
Never been afraid of losin', there been times I've lost it all
But it wont really matter someday when I'm gone You can bury me on Deadwood Mountain
By my brother Wild Bill and sister Calamity Jane
Don't bring me no flowers, just a six-gun smokin'
And put me eight feet down when you bury me
Put me eight feet down when you bury me When your heart runs deeper than a ghost town goldmine
You just know your bound to find that mother lode
You spend your last heartbeat chasin' after rainbows
No there's no place you wont go to win one more time You can bury me on Deadwood Mountain
By my brother Wild Bill and sister Calamity Jane
Don't bring me no flowers, just a six-gun smokin'
Put me eight feet down when you bury me
Put me eight feet down when you bury me And cover me a little extra deep
'Coz thats the only way I'm ever gonna rest in peace You can bury me on Deadwood Mountain
By my brother Wild Bill and sister Calamity Jane
Don't bring me no flowers, just a six-gun smokin'
Put me eight feet down when you bury me
Put me eight feet down when you bury me
Ohh, put me eight feet down when you bury me
