Surrender

Stryper

Verse 1
Singing out in harmony
It explains so well
What we're called to do
Want to rock so you can see
We can rock as well
Rock as well for youBridge You can have it all tonight
Pick it up and make it right
Oh, you can be free
In the dark you need a light
Do you want to make it rightChorus
Oh, Jesus Christ is the lover of your soul
And He wants to give you all you need
So freely surrender
Open up unto His MajestyRepeat Chorus
Jesus Christ is the lover of your soul
And He wants to give you all you need
So freely surrender
To the KingFreely surrender
Open up unto His Majesty...
