# Unordinary

## The Stereo

this is no ordinary kiss
that you planted on my lips
one i wouldn't want to miss
but it's all come down to this
is my chance to make it right
say my piece and then goodnight
when you go to sleep tonight
can i be there at your side
i can't take it anymore
i have to tell you to be sure
i don't want to live without you anymore
this is no ordinary kiss
that you planted on my lips
never felt like this before
or knew what was in store
i know you must think i'm crazy
i don't blame you baby
what have we learned?
this has gone far enough
for one whole year i needed you
but you never had a clue
so this is where it ends
and hopefully where we begin
so now what are we to do?
you had no clue
i can't live without you
i'm incomplete
sense of defeat
