

# The Prayer IV

[DMX](#)

{Let us pray}{Father God I am just learning how to pray, bear with me  
First I thank You for the life of everyone that's here with me  
Then I thank You for the love You give me, why?  
I don't know; I don't deserve it, and it hurts inside}{Many a nights I cried, and called Your name out loud  
But didn't call You when I was doin' good, too proud  
And still You gave me love, I wasn't used to that  
Most of the people that gave me love, they ended up takin' it back}{That's somethin' new to me, so I'm askin'  
You for time to adjust  
Let me make it there, I will be one You can trust  
What I stand for, I put my life on, I do  
I guess what I'm askin' is, show me how to stand for You}{And I will rap for You, sing for You, preach for  
You, teach for You, reach for You  
I will love You like You love me, unconditionally  
And I will always be prepared, for whatever the mission'll be  
Give the nutrition to me, and I'll properly digest it}{And when I give it back, I'll show You word well invested  
And whenever I go, before I go, let me give  
Thanks to You Lord, for my birth, for every day that I've lived  
You gave me a love most of my life I didn't know was there  
In the name of Jesus! I give You my life, 'cause You care}{Amen}
