You

Framing Hanley

If you're still up for chasing dreams
I've got a bottle, two glasses and a backseat.
And a lot of things to resolve
If you've got the time at allI'm not one to be much different
Than who I really am
I lived my life for way too long
Trying to please everyone else.
Sometimes I should probably
Just bite my goddamn tongue
Will I've said too much a few times
But how much is enoughFor you
'Cause I don't want to lose youI was thinking about telling you
I was in love
I was in love with youNo palace of words will make this better
If there's deceit in every letter
You came to me with hope for a future
And I came to you with a waiting lineFor you
'Cause I don't want to lose youI was thinking about telling you
I was in love
I was in love with you
With you
With you
I'm in love with you
