Any Old TIme

Webb Pierce

Any old time, any old time
Any old time will doEveryone maybe once or twice
Finds a friend that's a friend for life
Somebody who believed in me like youFrom those days of childhood fights
Through the nights when we'd ask advice
All of those times when nobody else would doAny old time that you wanna hear from me
To find your way or kick around a memory
Like the old times, any old time will doI can tell when the telephone rings
It's gonna be you just to talk about things
It's funny how it seems to happen
When you're on my mindEvery time good love goes bad
When I can't believe the luck I've had
All of those times I'm glad you're a friend of mineAny old time that you need to call on me
To find your way or kick around those memories
Like the old times, any old time will doDon't you ever forget
Any old time when the road is getting rough to climb
And you think maybe you've had enough
Just like the old times, any old time you're blueAll at once I went and got a hunch
Everything we ever felt was true
As we find the years behind us
And we live the years ahead
Let's remember laughter
And all the words we saidMake new friends and keep the old
One is silver and the other one's gold
Something Sally said that stuck in my head
And I never wanna let it goAny time that you wanna hear from me
To find your way or kick around a memory
Like the old times, any old time will doAny old time, any time that you need to call on me
To find your way or kick around those memories
Like the old times, any old time will do
Ooh, don't you ever forgetAny time when the road is getting rough to climb
And you think maybe you've had enough
Just like the old times, any old time will doAny old time
Any time that you need to lean on me
