

# Any Old Time

## Webb Pierce

Any old time, any old time  
Any old time will doEveryone maybe once or twice  
Finds a friend that's a friend for life  
Somebody who believed in me like youFrom those days of childhood fights  
Through the nights when we'd ask advice  
All of those times when nobody else would doAny old time that you wanna hear from me  
To find your way or kick around a memory  
Like the old times, any old time will doI can tell when the telephone rings  
It's gonna be you just to talk about things  
It's funny how it seems to happen  
When you're on my mindEvery time good love goes bad  
When I can't believe the luck I've had  
All of those times I'm glad you're a friend of mineAny old time that you need to call on me  
To find your way or kick around those memories  
Like the old times, any old time will doDon't you ever forget  
Any old time when the road is getting rough to climb  
And you think maybe you've had enough  
Just like the old times, any old time you're blueAll at once I went and got a hunch  
Everything we ever felt was true  
As we find the years behind us  
And we live the years ahead  
Let's remember laughter  
And all the words we saidMake new friends and keep the old  
One is silver and the other one's gold  
Something Sally said that stuck in my head  
And I never wanna let it goAny time that you wanna hear from me  
To find your way or kick around a memory  
Like the old times, any old time will doAny old time, any time that you need to call on me  
To find your way or kick around those memories  
Like the old times, any old time will do  
Ooh, don't you ever forgetAny time when the road is getting rough to climb  
And you think maybe you've had enough  
Just like the old times, any old time will doAny old time  
Any time that you need to lean on me
