

# Wrestlers (Sticky Dirty Pop Mix)

## Hot Chip

It's me versus you alone  
It's me versus you alone  
It's me versus you alone  
It's me versus you alone  
It's me versus you alone We'll tag team, double up  
Hit you in the sweet spot  
And make you wish you'd coughed up The gloves are off  
The gloves are off  
It's me, [Incomprehensible] messing round  
Taking us a man down While you've got us on the ropes  
We've planned to play the mess around  
He's technically trained  
You've got him buckled up and he will misbehave You weigh bigger than a train  
But I've got the power and the glory  
In my [Incomprehensible] brains The gloves are off  
The gloves are off  
So why'd you go and have to fight dirty?  
Don't fight dirty, don't hit me with the chair The gloves are off  
So why'd you go and have to fight dirty?  
Don't fight dirty, don't bite me in the face  
The gloves are off Now what you gonna do when I come for you  
With all that I've got?  
I've got a roll of coins, I'm aiming for your loins  
And I will never stop I learned all I know from watching the wrestling  
I think you think I'm about to throw the towel in Here comes Floor Jack  
Watch your back, watch your back  
He'll charm you with a double-axe  
And then he brings the tie attacks  
He's not dressed for a cage  
He's robed in garments strictly for another age Here we come, drop kick  
Half nelson, full nelson  
Willie Nelson, Willie Nelson Body slam, suplex, headlock, summer-slam, elbow drop  
Jelly-flop, cage match, grudge match, snamsno, snamsniey  
Alfieley, alscgoboi, nelsonmas all day, skeluas It's me versus me, versus me, versus me  
Versus me, versus me, versus me, versus me, versus me  
I learned all I know from watching the wrestling  
I think you think I'm about to throw the towel in  
Everyone knows Monday night means wrestling
