Ms. Chocolate

Lil Jon

So sweet, so round, so thick
So nasty, ooh, I love that shit
So smooth, so creamy
God damn it, I must be dreaming
So jiggly, so soft
God damn, I want to break you off
So hot, you gonna melt
Eat you all up by myself
Girl, I can't wait to unwrap ya
The chocolate fix, I'm after
So tasty, my treat
Ms. Chocolate, let me get a little piece
I'm cuckoo for cocoa
So good, I want me some mo'
I'm caught up, I need to stop it
God damn, I love you Ms. Chocolate
Talking to my silky smooth, foxy, chocolate women
Independent, this is y'alls anthem
I like them light-skinned girls with that dark skin
I love chocolate girls, stand up, this is y'alls anthem
Talkin' 'bout hips, talkin' 'bout thighs
Talkin' 'bout big old booties and brown eyes
Chocolate, that's what I gotta have tonight
Leave up out the club with two of mine
Take shots then we'll shocks
And we drink like we own the bar
And she's pushin' that all on me
Conversation like, "Let's just leave"
(Let's go, baby)
Now don't hesitate, no
To the crib right away
She droppin' it, droppin' it
Chocolate, chocolate
Talking to my silky smooth, foxy, chocolate women
Independent, this is y'alls anthem

I like them light-skinned girls with that dark skin
I love chocolate girls, stand up, this is y'alls anthem
Had a red-bone chick before

She don't do it like you do
So I know what I want tonight
Fly on a chocolate high
Baby girl, you'd think you'd know
The right places
(Oh, shit)
Let me lick that chocolate, baby
I want to taste it
(Yeah)
Think I'm in love
With your dark skin
(I love it)
Said I'm in love
With chocolate
Talking to my silky smooth, foxy, chocolate women
Independent, this is y'alls anthem
I like them light-skinned girls with that dark skin
I love chocolate girls, stand up, this is y'alls anthem
Get up, baby
Uh, I gotta have
That dark chocolate
(Give it to me, give it to me)
Tonight, I wanna taste
That dark chocolate
(Give it to me, give it to me)
In my bed, I gotta have
That dark chocolate
(Give it to me, give it to me)
Let me hear the chocolate ladies say, "Hey, yo"
"Hey, yo"
