Friend in Need

Luciano

I can see my little brother's wondering
With his head in his hand
And I know he's doing a lot of thinking
With his foot in the sandNo doubt he's hoping
And wishing for a helping hand
I would stop for a while
And listen and do what I can'Cause I don't think
I live in this suffering time
I do my best
(I do my best)'Cause a friend in need is a friend indeed
And that's my belief, my philosophy
I say a friend in need is a friend indeed
And that's my belief my philosophyA friend in need is a friend indeed
Not for a dime
I put my friendship on the line
Leaving behind all the wonderful timeI'll never forget
No way, where I'm coming from
If my brethren is weak I say
It's for my tho get him strong'Cause a friend in need is a friend indeed
And that's my belief, my philosophy
I say a friend in need is a friend indeed
And that's my belief my philosophySometime you are down and low
Don't have a dime, don't know where to go
And you feel like giving up
And a brethren comes along'Cause a friend in need is a friend indeed
And that's my belief, my philosophy
I say a friend in need is a friend indeed
And that's my belief my philosophy
