You're Not Alone

Of Mice & Men

When your reflection in the mirror smiles back it lets you know
When you lay your head to sleep at night it's filled with every moment
Every chance you miss to be something, well learn from your mistakes

You're not alone you're with me
You're not alone you're with me

Don't let the world bring you down
There's always hope for the willing
Don't let the world bring you down
It's not over, you're not alone anymore

When it feels like all is lost and there's no guide that's left to prove it
Take a look inside, cherish your life
And live before you lose it

You're all waiting for the answer
Keep on searching, strength in numbers

Don't let the world bring you down
There's always hope for the willing
Don't let the world bring you down
It's not over, you're not alone anymore

At the end of the day, what will you do?
Will you keep moving on, or be forced to lose
Look inside of yourself, cause' the powers in you
There is always hope, you're not alone

Don't let the world bring you down
There's always hope for the willing
Don't let the world bring you down
It's not over, you're not alone anymore

Don't let the world bring you down
It's not over, we're not alone anymore
