

# Vagina Mine

## Puscifer

Out to run a train at the railway station  
Shotgun Betty stopped me dead in my shoes

Out to run a train at the railway station  
Shotgun Betty stopped me dead in my shoes

Cock on lock down, she said, "Learn the damn alphabet  
I cum before you, get to payin' your dues"

Head down to the tunnel, to get on this Puscifer  
Tongue roll, call cadence, hear the school bell ring  
This vagina mine, teach ya patient diligence  
Keep the chain gang swinging, make a cat-bird sing

Down this vagina mine  
Down this vagina mine

Head down to the tunnel, to get on this Puscifer  
Tongue roll, call cadence, hear the school bell ring  
This vagina mine, teach ya patient diligence  
Keep the chain gang swinging, make a cat-bird sing

This vagina mine, one track tunnel vision down  
This vagina mine, one track tunnel vision down  
This vagina mine, one track tunnel vision down  
This vagina mine, one track tunnel vision down

Down this vagina mine  
This vagina mine, one track tunnel vision down  
This vagina mine, one track tunnel vision down  
Down this vagina mine  
This vagina mine, one track tunnel vision down  
This vagina mine, one track tunnel vision down  
This vagina mine, one track tunnel vision down  
This vagina mine, one track tunnel vision down  
This vagina mine, one track tunnel vision down  
This vagina mine, one track tunnel vision down
