

Disaster Highway

Smash Into Pieces

Life sucks then you die,
Im stuck in a lie,
My dreams have been replaced by rules to follow,
I've been a slave for so long,
Cant get my freak on,
About to unleash the fucking fury,
Time to make a change before its too late,I gotta get away,
Leave all the evergrey,
Im breaking up with my disaster highway,
I think its time to play,
To do things my own way,
Im breaking up with my disaster highway (my disaster highway - ooooh),
Im not what I was,
Im dead serious,
They took me for a ride,
Them sneaky vultures,
I can not take it no more,
This life aint hardcore,
No one appreciates my sacrifices,
Time to make a change before its too late,I gotta get away,
Leave all the evergrey,
Im breaking up with my disaster highway,
I think its time to play,
To do things my own way,
Im breaking up with my disaster highway (my disaster highway - ooooh),
Dont fade to black,
Your call is stronger,
Dont let life pass you by,
No turning back,
The lies are over,
Enjoy your playground,
Youll know Im right,
When you grow older,I gotta get away,
Leave all the evergrey (hey hey),
Time to make a change before its too late,I gotta get away,
Leave all the evergrey,
Im breaking up with my disaster highway,
I think its time to play,
To do things my own way,

Im breaking up with my disaster highway,
My disaster highway (oh oh oh oh),
My disaster highway,
