Then Was Forever (Remix)

Imago

Let's take this time and re-collide
Let's bump our thoughts and remember
We had that talk, we had some views
Funny how it was, how'd it go again?
When then was foreverOoh when I said it I regretted it
You never had the chance to make it last
I never said or even wanted this
Fools are made of us
You can't be us
Pretend and call a plead for you
Let's skip this town and forget all
Let's have that talk, let's have that view
This was how it was
Shall we go again?
When then was foreverOoh when I said it I regretted it
You never had the chance to make it last
I never said or even wanted this
Fools are made of us
You can't be usFunny how it was, how'd it go again?
When then was foreverOoh when I said it I regretted it
You never had the chance to make it last
I never said or even wanted this
Fools are made of us
Are made of us
Ooh when I said it I regretted it
You never had the chance to make it last
I never said or even wanted this
Fools are made of us
You can't be us
