Washed Away (Acoustic Version)

Tom Cochrane

We live out here in the desert
Where time stands still in the face of our foolish pride
We trade our love for ambition
And tell each other we'll get it on back in timeBut time moves on like a river
She leaves us all behind
Like a summer rain it all gets washed awayRound and round and round we go
Where it stops don't no one know
If you find a love you better let 'em know
Or you both get washed awayRound and round and round we go
Where it stops don't no one know
If you find a love you better hold on fast
Or you both get washed awayI watch the wing blow out there
Maybe hear some distant laughter
Look outside the hotel window
And my soul wanders off meThis is the time I'm mentioning
And I won't soon forget that
Your proud beauty lingers on
Until the storm is liftedGo find your fortune fast
It's cold outside but you'll make it
Don't trade your love for ambition
Or you'll get washed awayRound and round and round we go
Where it stops don't no one know
If you find a love you better let 'em know
Or you both get washed awayRound and round and round we go
Where it stops don't no one know
If you find a love you better hold on fast
Or you both get washed awayLove cliche and you used to tell me
Some things better change, all things won't last
Do the best you can, it'll all work out
At the end of the storm, you get to love another dayRound and round and round we go
Where it stops don't no one know
If you find a love you better hold on fast
Or you both get washed awayRound and round and round we go
Where it stops don't no one know
If you find a love you better let 'em know
Or you both get washed awayRound and round and round we go
Where it stops don't no one know
If you find a love you better hold on fast
Or you both get washed awayRound and round and round we go

Where it stops don't no one know
If you find a love you better hold on fast
Or you both get washed awayRound and round and round we go
Where it stops don't no one know
If you find a love you better hold on fast
Or you both get washed awayRound and round and round we go
Where it stops don't no one know
If you find a love you better hold on fast
Or you both get washed awayThe time we spend as we pass this way
We might not ever be here again
Hold on tight, do what you might
And then we got tomorrowRound and round and round we go
Where it stops don't no one know
If you find a love you better hold on fast
Or you both get washed awayRound and round and round we go
Where it stops don't no one know
If you find a love you better hold on fast
Or you both get washed away
