Little Pony (Get Along)

The Four Seasons

Like a boy
In grown up clothesDon't know what to do
Never met a woman
Or girl like you
Guess my inexperience shows
Like a little boy
In grown up clothesHow you wrap a man
Round the little
Finger of your hand
Tied from head to my toes
Like a little boy
In grown up clothesWhy do you treat
Me like a baby
Well, did you ever
Think that maybe
Oh, you oughta try, girlTry to understand
Only want to rub
You like a man
Don't let all your
Girls say you chose
Just a little boy
In grown up clothesDon't let your
Friends say you chose
Just a little boy
In grown up clothes
Just a little boy
In grown up clothes
Just a little boy
In grown up clothes
