Sue Me

Kurt Nilsen

A little bit of anger
It doesn't bother me at all
You're the one who has a problem
And not the other way aroundI'd really like to help you
But I'd rather help somebody else
'Cause you never ever listen
To anybody but yourself, soSue me if you want to
I don't need you anymore
Sue me if you want to
I don't need you like before(I) Hate to be the messenger
Stop jerkin' me around
Oh, why are you still here?
You didn't come here for adviceI did you a favor
You took the fall
Now, you didn't like the flavor
But you can have it all, soSue me if you want to
I don't need you anymore
Sue me if you want to
I don't need you like beforeYou couldn't keep your big mouth shut
And you had to let it out
'Cause there won't' be no next time
'Cause I'll be the one who's goneSue me if you want to
I don't need you anymopre
Sue me if you want to
I don't need you like before
