Starshine

Rain Sword

Starshine, never gonna find me?
Starshine, they ain't gonna find me
Starshine, never gonna find me?
Starshine, never gonna find meStand easy with myself, with myself
Jumpin' up, I'm low, low, low, low
Show me down, fast nowStarshine, when you gonna find me?
Starshine, they ain't gonna find me
Starshine, never gonna find me?
Starshine, never gonna find me
