

Starshine

Rain Sword

Starshine, never gonna find me?
Starshine, they ain't gonna find me
Starshine, never gonna find me?
Starshine, never gonna find me Stand easy with myself, with myself
Jumpin' up, I'm low, low, low, low
Show me down, fast now Starshine, when you gonna find me?
Starshine, they ain't gonna find me
Starshine, never gonna find me?
Starshine, never gonna find me
