For You To Notice...

Dashboard Confessional

I'm starting to fashion an idea in my head
Where I would impress you with every single word I said
Would come out insightful, or brave, or smooth, or charming
And you'd want to call meAnd I would be there every time you'd need me
I'd be there every timeBut for now, I'll look so longingly waiting
For you to want me, for you to need me
For you to notice meI'm starting to fashion an idea in my head
Where I would impress you with every single word I said
Come out insightful, or brave, or smooth, or charming
And you'd want to call meAnd I would be there every time you'd need me
I'd be there every timeBut for now, I'll look so longingly waiting
For you to want me, for you to need me
For you to notice me
