## Red Wanting Blue

Keep Love Alive - Red Wanting Blue

Shut up, come on quit it,

Get over yourself,

You've been stoking your own fire again

I was wrong, you wont admit it

What else could I say

We are monsters

when we dont get our own way

You are an uncontrollable,

inconsolable woman,

And Im an egotistical, maniacal man,

You want to hit me in my face,

I want to put you in your place

Hate each other sometimes

Gotta a feeling

we will be fighting for the rest of our lives,

Cause we got the guts to keep love alive

we got the guts to keep love alive

So come on, do you regret it

Staying here with me

Burning bridges and driving down dixie

Well come on dont quit, we are making history,

Your heart and mine making World War Three

You are an uncontrollable, inconsolable woman,

And Im an egotistical, maniacal man,

You want to hit me in my face,

I want to put you in your place

Hate each other sometimes

Gotta a feeling

we will be fighting for the rest of our lives,

Cause we got the guts to keep love alive

we got the guts to keep love alive

All our word All our word

All our word All our word

All our words scratch like stones

May they never break our bones

You are an uncontrollable, inconsolable woman,

And Im an egotistical, maniacal man,

So come on

You want to hit me in my face,  
I want to put you in your place  
Hate each other sometimes  
Gotta a feeling  
we will be fighting for the rest of our lives,  
Cause we got the guts to keep love alive  
we got the guts to keep love alive  
we got the guts to keep love alive  
we got the guts to keep love alive
