

# Live My Life

## Kim Dotcom

Don't like a suit and a tie,  
Don't want to work til I die,  
Don't want to work nine to five,  
I jus',  
I jus',

I just want to live my life.[Say I just want to live my life, my life]

[Say I just want to live my life, my life]  
[Say I just want to live my life, my life]

[Say I just want to live my life, my life]Don't want to go to war,

Know what happened before,  
Don't trust politics,  
Don't like dirty tricks,Don't want to play the game,

Don't fit inside the frame,  
Don't want to hear their lies,

I just want to live my life.[Say I just want to live my life, my life]

[Say I just want to live my life, my life]

[Say I just want to live my life, my life, my life, my life, my life, my life, my life]Can't be contained,  
Won't be restrained,

Don't want to be critisised,  
'Cause my life is unauthorised.Just want to drive fast,  
Leave behind the past,  
I create my paridise,

Where all the nonsense is on ice,All the nonsense is on ice,  
All the nonsense is on ice.

All the nonsense is on ice.[Say I just want to live my life, my life]  
[Say I just want to live my life, my life]

[Say I just want to live my life, my life, my life, my life, my life, my life, my life]
