

# I Know You See It

Yung Joc

Inny, meeny, minny mo  
How many bitches from the club won't go?  
(I know you see it, I know you see it)  
I'm like inny, meeny, minny, mo  
How many niggas from the club won't go?  
(I know you saw it, I know you see it) Now you can call me tip drill, they playing my song  
Throw a couple ones, then she throw away her thong  
When she bust it open, take a picture with my phone  
She love my cologne, I call it perk body zone  
Now she pussy poppin'; it's goin' down  
Slap the waitress on the booty, tell her "get another round"  
And when I make it rain money all over the ground  
Fresh force ones, Sean John button down  
And then I'm like "Oh, boy, a clique full a stars"  
Big four fifth, big dick, and big cars  
At the end of the day, when it's all said and done  
I need four freaks 'cause I need more than one [Chorus]  
Inny, meeny, minny, mo  
How many bitches from the club won't go?  
(I know you see it, I know you see it)  
I'm like bim bam, I know you want some  
She chewing on the dick like a piece of bubblegum  
(I know you see it, I know you see it) I'm like inny, meeny, minny, mo  
How many niggas from the club won't go?  
(I know you saw it, I know you see it)  
I'm like bim bam, I know you want some  
You chewing on the pussy like a piece of bubble gum  
(I know you see it, I know you see it) I ain't never been the type to show off in the club  
Real laid back, poppin' plenty bottles of  
Bub, don't smoke, but I got much perk  
Get that nigga real high, make him slurp it then burp  
Could you be a groupie?  
I hear you singin' my song  
Like I see you, lemme feel your tongue  
It's T, miss B nigga, let me get you laced  
Take a step back, blow the pussy in ya face  
I ain't talking kush, nigga, I'm talking a rat race  
So many to choose from, give 'em all a little taste  
Gotta house full a pussy, the madam of hip hop

My bitches are superstars, so gushy you need a mop  
Yeah[Chorus]I got stacks on deck, snowflakes on my neck  
New J's on my feet, make my outfit complete  
(I know you see it, I know you see it)  
I got stacks on deck, niggas love my flow  
Got a mohawk blowin', air forces that glow  
(I know you see it, I know you see it)Inny, meeny, minny, mo  
How many bitches from the club won't go?  
(I know you see it, I know you see it)  
I'm like bim bam, I know you want some  
She chewing on the dick like a piece of bubblegum  
(I know you see it, I know you see it)I'm like inny, meeny, minny, mo  
How many niggas from the club won't go?  
(I know you see it, I know you see it)
