Reconciliation

Authority Zero

Tell me why you make me feel this way
Parading around playing this pointless game
If its one thing i cant stand it's the mind tricks
There's nothing you'll break that i cannot fix
You were acting strange
And I just couldn't resist everything
Not nearly done with it
Call it graphic what more man i say
There's now way to put it nice anyway
Reconciliation
Hold on now you're your worst enemy
Reconciliation
Hold on now you'll never get the best of me
This reconciliation is retaliation
There's nothing you can say
To make me believe
That everything is fine
Quite honestly
What's your secret?
What's all of that?
What's that your hiding behind your back?
Well moving right along
I think that you're insane
And I think you feel
I think you feel the same
The blame, the blame
Lets stick to the facts
I'm calling you out
Its just as simple as that
Reconciliation
Hold on now you're your worst enemy
Reconciliation
Hold on now you'll never get the best of me
This reconciliation is retaliation
Reconciliation
Hold on now you're your worst enemy
Reconciliation
Hold on now you'll never get the best of me
This reconciliation is retaliation

It goes on and on
Point the finger point the blame
Because all in all in all
In all its all the same
It goes on and on and on
Point the finger point the blame
Because all in all in all
In all its all the same
To me
Reconciliation
Hold on now you're your worst enemy
Reconciliation
Hold on now you'll never get the best of me
This reconciliation is retaliation
