

Ocean Exploder

DZ Deathrays

...ideas lost youre speaking of more
We could dry
Youre the oceanOne day city wild
You break down the city and cover it in blood
Take back that love
Youre the oceanIts hard to be alone
Its hard to be alone
Its hard to be alone
Its hard to be alone
So Ill stay around you
Rock just waiting to notice
Conquer oceanWaited many years to tell me
Right away is the...
All the things you wanted
And all the things you dreamed
Now its just fast watching
Caught in the ocean
Yeah!
Its hard to be alone
Its hard to be alone
Its hard to be alone
Its hard to be alone
