

# Louie Louie

## Pow Wow

And now the news

[Chorus:]

Louie Louie

Oh baby I gotta go

Louie Louie

Oh baby I gotta go

The communist world is fallin' apart  
The capitalists are just breakin' hearts  
Money is the reason to be  
It makes me just want to sing Louie Louie

[Chorus]

A fine little girl is waitin' for me  
But I'm as bent as Dostoevsky  
I think about the meaning of my life again  
And I have to sing Louie Louie again

[Chorus]

Let's give it to 'em right now  
Oh man, I dunno like, health insurance  
The homeless and world peace and aids and education  
I'm tryin' to do right

But Hey

Life after Bush and Gorbachev  
The wall is down but something is lost  
Turn on the news it looks like a movie  
It makes me want to sing Louie Louie

Louie Louie

Oh baby I gotta go, let's go
