Hard Times

Doro Pesch

It's too real to be really right
It's so real it kept me up all night
A broken promise on the street of dreams
Left us here, we're down on our knees
With one shot
And one bite
The walls collapsed with a terrible fright
Minute by minute
Day by day
I feel this place is crumblin' away
Hard Times
We gotta break throught these
Hard Times yea!
Hard Times
Change the face of these
Hard Times yea!
Ev'rybody, ev'rywhere
It's easy talkin' when you're talkin' cheap
It's harder walkin' when you're in this deep
There's too much pressure
And there's too much pain
Too many people bein' driven insane
With one shot
And one bite
The world could change from dark to light
Station to Nation
Face to face
There must be someway to save this place
Hard Times

We gotta break throught these
Hard Times yea!
Hard Times
Change the face of these
Hard Times yea!
Ev'rybody, ev'rywhere
Now fair is fair
Hope needs a lot of care
It's time we all understand

The power in our hands
Hard Times
Hard Times yea!
Hard Times
Hard Times
Hard Times
We gotta break throught these
Hard Times yea!
Hard Times
We'll change the face of these
Hard Times yea!
Hard Times
Hard Times
Hard Times yea!
Hard Times
Hard Times
Hard Times yea!
