

# Branches

## Danosongs

I saw she was living under some branches  
I saw she was happy in her circumstances

I also live under branches

I'd rather not live in these places

We won't get married

'Cause she won't have me

She wakes up awfully early these days, these days

And there's no-one else so kind

There's no-one else to find

It's hard for me but I'm trying

It's hard for me but I'm trying

I saw she was busy gathering wood for a fire  
I'd like to help her some but she replies it's done

We won't get married

'Cause she won't have me

She wakes up awfully early these days, these days

And there's no-one else so kind

There's no-one else to find

It's hard for me but I'm trying

It's hard for me but I'm trying

It's hard for me but I'm trying (It's hard for me but I'm trying)  
It's hard for me but I'm trying (It's hard for me but I'm trying)
