

# That's Enough Out of You

**Teddy Thompson**

Hey now, that's enough out of you  
I get tired just watching your jaw move  
People that talk this much have nothing to say  
You're so up there, it  
brings me down  
I wanna turn your smile into a frown  
Being happy is easy if you're dumb  
And I've tried to get you out of my life  
But you seem to enjoy being used  
I've lied cheated been unkind  
What else can I do?  
And living in your world must be fun  
With no idea what's going on  
Just thinking you're the bomb
