See No Evil

Burning Jet Black

Bid farewell to those guys
They're so debonair with golden rings
Dug us knee deep in lies
But the more we ignore them, the less it stingsWe will see no evil
If we don't open our eyes
So let's pretend before we're bored
And inches turn to miles or more
We attackedThere are fruits of labor
And there are pieces rotting over again
But in our worst behavior
You will always be my greatest friendsWe will see no evil
If we don't open our eyes
So let's pretend before we're bored
And inches turn to miles or more
We attacked
We will see no evil
If we don't open our eyes
We will see no evil
If we don't open our eyes
So let's pretend before we're bored
And inches turn to miles or more
So let's pretend before we're bored
And spend our lives as corporate whores
We attacked
Let's attack!!
