

# Turn This Mutha Out

MC Hammer

(lyrics by M.C. Hammer; transcribed by Tone-C)

We are hittin' hard in Oakland

Word!

We are hittin' hard in L.A.

Word!

Cleveland, Chicago & Yo-town is on fire

Word, word, word!

Atlanta's proper

Word!

And in Miami, we are mooovin' somethin'

Hmmmmm.Turn this mutha out

Oaktown posse they will

Turn this mutha out

Yeah boy, they will

Turn this mutha out

M.C. Hammer he will

(chorus ends early)Hammer, you ain't hittin' in New York

What?

So what you gon' do about that, Hammer?

I'm gon' turn this mutha out.Hammer, he is...Strong like a lion, no denyin'

I'm in effect and you suckas are tryin'

to get with me, you can't hang

Doin' it like this, I'm in with a bang

Goin' boom like thunda, and you wonder,

How in the world can the Hammer be underneath me?

He's gonna beat me, say yes to the master and I will teach thee(chorus)

Turn this mutha out

Turn this mutha out

Turn this mutha out

Turn this mutha outHammer, tell 'em how you came up babeeee!I was a student, now I'm the teacher,

I was a member, now I'm the preacher,

I was a worker, and you were the boss,

Now I'm gettin' paid and you're takin' the loss

Once says stop, the other says flee

No, don't perpetrate M.C. Hammer is the feature

Step off, you punk, no fear, I'm M.C. Hammer and I came here to...(chorus)I'm improvin', better start schoolin

Headed to the top where I'll be rulin'

On top, of hip-hop, I'm in effect and you're not

Your records aren't cool, your shows are weak

Duel with the Hammer and meet defeat  
Every night, every week,  
I'm comin' correct, you don't want none of me.(chorus)  
x2  
I keep hearin' what you sayin'  
"Yo Hammer, we knowin' New York's on the wayin"  
I don't care where you from,  
I make most look silly, and others look dumb  
Yeah suckas, you should, run,  
I am, def on the stage, pumpin' at the club  
Hammer is an eagle, and you a dove(chorus)(funky beats & breaks)(chorus)  
I'm from Oaktown, B-boy straight down  
Takin all comers, whoever want to get some  
I'm original, you're digital  
You want somethin' to say, you're show is pitiful  
Don't worry, I'm in tact  
Whatever I say, the Hammer will back  
Twice as strong, It's goin' on  
and I willll...(chorus)(funky beats & breaks)
