Cavalier (Samuraii Remix)

James Vincent McMorrow

Speak until the dust
Settles in the same specific place
Light refused to go
Drink it from a cast and iron plate
Instead of cold milk
Was offered unripe
Instead of silence
Considered cravenNothing made it seem
Hidden where the aging soil was pure
Pressed against the crease
Mountains become fragrant at the source
How can you stand this
Exotic angle
I read it somewhere
That they would lie stillI remember how cloth hung
Flexing with the forest clung
Half waist and high raised arms
Kicking at the slightest form
I remember my first love
I remember my first loveUnrelied I was called
Missing teeth out of favour
Nickel beach it was all
Gathering by the sundialI woke hard
I woke heavy
For the half way stop
Five whole hours in
When I woke hard
I woke heavy with the live or partsI remember how cloth hung
Flexing with the forest clung
Half waist and high raised arms
Kicking at the slightest form
I remember my first love
I remember my first loveI remember how cloth hung
Flexing with the forest clung
Half waist and high raised arms
Kicking at the slightest form
I remember my first love
I remember my first loveI remember my first love
