Disappear

BeyoncÂŽ

If I begged and if I cried
Would it change the sky tonight?
Would it give me some light?
Should I wait for you to call?
Is there any hope at all?
Are you drifting by?

When I think about it
I know that I was never there
Or even cared
The more I think about it
The less that I was able
To share with you

I try to reach for you
I can almost feel you
You're nearly here and then
You disappear
(Disappear, disappear, disappear)
You disappear
(Disappear, disappear, disappear)

And when I lie all by myself
I see your face, I hear your voice
My heart stays faithful
And time has come and time has passed
If it's good, it's got to last
It feels so right

When I think about it
I know that I was never there
Or even cared
The more I think about it
The less that I was able
To share with you

I try to reach for you
I can almost feel you
You're nearly here and then
You disappear

(Disappear, disappear, disappear)
You disappear
(Disappear, disappear, disappear)
You disappear
(Disappear, disappear, disappear)

I missed all the signs
One at a time
You were ready
What did I know
Starting our lives?
Now, my love, I'm ready to show

When I think about it
I know that I was never there
Or even cared
The more I think about it
The less that I was able
To share with you

I try to reach for you
I can almost feel you
You're nearly here and then
You disappear
You disappear
You disappear
You disappear
You disappear
