

One On One

Alabama

I know your day's been long
Then you know, I got some ideas
and hope you like them
I've been thinking about you all day
and I just wonder you know
what I could do
to make this the best night of your life
cause you know how much you mean to me I was thinking about you
and wondering what we should do for the night
I was making me a list
of all those places
I wanna kiss on you So what are you thinking, Miss Mystery
I'll let your actions convince me
and when I hold you in my arms
there's no more questions
we're one on one I wanna be checking you out
I'll have flowers waiting for you with the wine, oh girl
I was hoping what I could do
with those clothes you have on you, all night So what are you thinking, Miss Mystery
I'll let your actions convince me
and when I hold you in my arms
there's no more questions
we're one on one, whoa oh yeah, yeah Girl look at me and don't say a word
My heart is hearing and I'll kiss where you hurt
and when I hold you in my arms
there's no more questions
were one on one on one
Oh we're one on one, girl
I've been waiting' for you all day long, girl
