Out Of The Blue

Prides

The air in your lungs is like thunder
I can see the clouds breaking in front of me
And it won't be much keeping us under
But I don't ever wanna go back
To where I used to be

Now I know what I know
It won't have to be so heavy
Break the surface, take the wheel
No, no, no, no nothing left for me to breathe
No, no, out of the blue you came to me
No, no, no, no, I can't believe she'll come to me
No, no, no, no

Hear her come, my heart's only drummer
I've been holding out for your symphony
The air in my lungs is like thunder
And I can't fight what you've made of me.

Now I know what I know
It won't have to be so heavy
Break the surface, take the wheel
No, no, no, no nothing left for me to breathe
No, no, out of the blue you came to me
No, no, no, no, I can't believe she'll come to me
No, no, no, no

Well, here it is, my last defense
No, no, no, no
I must send all of days we've spent
No, no, no, no
Well, here it is, my last defense
No, no, no, no
The promises I never kept.

You break the surface, take the wheel
No, no, no, no nothing left for me to breathe
No, no, out of the blue you came to me
No, no, no, no, I can't believe she'll come to me

No, no, no, no

Well, here it is, my last defense
No, no, no, no
I must send all of days we've spent
No, no, no, no
Well, here it is, my last defense
No, no, no, no
The promises I never kept
