

Jesus & Mary

Guster

Come on, dear friends
Come gather 'round the mountain
Drink from the fountain
Tell your lovers it's time to go Tell them the tale
When Sodom met Gomorrah
The end days are coming
The Mullah sent away the sun The drummers drum and the motors hum
And the trumpet players make the chords
Sound awakes the devil down below Jesus and Mary
And Juliet and Romeo
In a movie on TV
That plays seven days a week
Turn off that radio
We don't wanna hear about it anymore Kill or be killed
The hunters and the hunted
Seems like we're runnin'
2000 years and still under control So let's go start a war
Like FDR and Eleanor
These are the ways of the men before
Ammunition and sermons and guns Lovers love and the motors moan
And the trumpet players blow the horns
Sounds wake the devil down below Jesus and Mary
And Juliet and Romeo
In a movie on TV
That plays seven days a week
Turn off that microphone
We don't wanna talk about it anymore The sermon ends with a big Amen
And the preachers take it door to door
Sound shakes the devil down below Jesus and Mary
And Juliet and Romeo
Are in a movie on TV
That plays seven days a week
Turn off that telephone
We don't wanna know about it anymore So maybe let's go start a war
