

Fight for It

Estelle

I never been the one to cry
But you got tears rolling down my face
Won't you put your pride aside
Instead you'd rather turn and walk away I know I know I know I know, that you want me
I know I know I know you know, that I want you too
What are we fighting for, only going to lose the war
Come on come on come on come on, calling mayday Said that we were meant to be, but why won't you fight for
it?
Told me that you'd never leave, but why won't you fight for it?
Going to have some ups and downs, it doesn't mean throw in the towel
Why don't we fight for it, fight for it, fight for it?
Why don't you fight for it, fight for it, fight for it? I bet you thought I would flame out
Bet you thought I'd let you walk away
See I put my pride aside
But I won't beg you to say I know I know I know I know, that you want me
I know I know I know you know, that I want you too
What are we fighting for, only going to lose the war
Come on come on come on come on, calling mayday Said that we were meant to be, but why won't you fight for
it?
Told me that you'd never leave, but why won't you fight for it?
Going to have some ups and downs, it doesn't mean throw in the towel
Why don't we fight for it, fight for it, fight for it?
Why don't you fight for it, fight for it, fight for it? Said that we were meant to be, but why won't you fight for it?
Told me that you'd never leave, but why won't you fight for it?
Going to have some ups and downs, it doesn't mean throw in the towel
Why don't we fight for it, fight for it, fight for it?
Why don't you fight for it, fight for it, fight for it?
