Change Your Mind

Boyce Avenue

There you are
With your perfect way
You got that little shine
In your eyes
To hear one word
Would make my day
But there's no room for me
In your life
Ooo
You got me down on my knees
Ooo
And in my mind i can see
How perfect everything could be
But you won't give us a try
CHORUS
But if I could change your mind
How would you want me?
Would you say you need me?
Cause I need you now!
I try to move on
But your perfect way
Has got this little child
Asking why?
But this world keeps spinning
As my heart stops beating
Is there still no room inside?

woo oh oh
You got me down on my knees
ooo ooo
And in my mind I can see
How perfect everything could be
but you won't give us a try
CHORUS
But if i could change your mind
How would you want me?
Would you say you need me
Cause i need you now
If I could change your mind

(please tell me i'm not the lonely one)
(Please help me believe that i'm not the only one)
If I could change your mind
But if I could change your mind
How would you want me?
Would you say you need me?
Cuase I need you now
And if I could change your mind
How would you hold me?
Would you say forever?
Or just leave me here to drown
OH and if I could change your mind
(change your mind)
If I could change your mind
(Change your mind)
