

Sunday

Heather Headley

How you gonna let that girl get between us baby?
Do you even know her name?
How am I supposed to make it through to you? Is Sunday gonna be my day to take it easy
Make it all about me
Maybe on Monday think about callin'
Maybe Tuesday we'll see how I feel
Sunday gonna be my day to take it easy
And make it all about me
Maybe on Monday think about callin'
Maybe Tuesday we'll see how I feel It's 9:30 in the mornin', I didn't sleep well again
Tossed all night long boy
Can't stand it when we fight like this
Here we go again so I have to be gone Can't deal with the fallout gonna take a time out
I need to take the day off
Gonna gather my thoughts, gather myself
I need some time without you, without you Is Sunday gonna be my day to take it easy
Make it all about me
Maybe on Monday think about callin'
Maybe Tuesday we'll see how I feel
Sunday gonna be my day to take it easy
And make it all about me
Maybe on Monday think about callin'
Maybe Tuesday we'll see how I feel Maybe I'll just take a walk
A few blocks get a bite to eat
See a movie not another love story
Try to get in the key, listen to some Stevie What I need to do is go to church
And pray for that girl that got between us
Pray that I don't see her, pray that I don't meet her
Pray that I don't try to beat her, I need Sunday Is Sunday gonna be my day to take it easy
Make it all about me
Maybe on Monday think about callin'
Maybe Tuesday we'll see how I feel
Sunday gonna be my day to take it easy
And make it all about me
Maybe on Monday think about callin'
Maybe Tuesday we'll see how I feel What she says and what she does ain't no concern to me
She don't really need to be all up in my business
Baby, you didn't really take the time to talk to me
You played me and betrayed me

Now I'm ready I need , I need a Sunday
Is Sunday gonna be my day to take it easy
Make it all about me
Maybe on Monday think about callin'
Maybe Tuesday we'll see how I feel
Sunday gonna be my day to take it easy
And make it all about me
Maybe on Monday think about callin'
Maybe Tuesday we'll see how I feel
Is Sunday gonna be my day to take it easy
Make it all about me
Maybe on Monday think about callin'
Maybe Tuesday we'll see how I feel
Sunday gonna be my day to take it easy
And make it all about me
Maybe on Monday think about callin'
Maybe Tuesday we'll see how I feel
