

Losing You

[Sophie Zelmani](#)

I can tell by your look
There's something missing
Something I took I can tell by the way you sound
Won't be long
You won't be around Ooh, I'm losing you
Ooh, I'm losing you Was it my words? Or my silence?
I know it hurts
My kind of violence Won't you tell how I hurt you?
Won't be long
You won't be around Ooh, I'm losing you
Ooh, I'm losing you Ooh, I'm losing you
Ooh, I'm losing you
Ooh, I'm losing you
Ooh, I'm losing you
