

# Where Does a Body End?

## Swans

The future's leaking through a shut lead door  
In the ruins of a city under the forest floor.  
Your naked body's buried in a vacant field  
What does your body feel nowThe air is black and has no oxygen  
The bodies in the river float beneath the sun  
Transparent skin it shines a light from deep within  
Where does your body beginThe stars are hidden by a mirrored sky  
And darkness disappears behind reflected light  
Perception is a distance in a closed-in space  
How will your body escapeThe crowd is feeling you inside your head.  
Your imagination's canceled by its opposite  
And every possibility's been proved untrue  
Now is your body you
