O.D.'d In Denver

Hank Williams, Jr.

We started the tour out in Denver Colorado
I made the first one but I did not make the second show
'Cause I met this girl there that brought about quite a big change
But I O.D'd in Denver and I just can't remember her nameI guess you could say that my love life would not up to part
Too many nights alone had left some permanence scars
She told me she'd love me and I told her I'd do the same
Then I O.D'd in Denver and I just can't remember her nameI brought it on myself and I guess that I shouldn't complain
Doc said son you can't do anymore of that cocaine
But she made me higher than all of those expensive things
But I O.D'd in Denver and wish I could remember her nameI turned to other things tryin' to make my daydreams real
But they don't take the place of the woman's face and her feels
She treated me nice and I like to find her again
But I O.D'd in Denver and I just can't remember her name
