

# O.D.'d In Denver

Hank Williams, Jr.

We started the tour out in Denver Colorado  
I made the first one but I did not make the second show  
'Cause I met this girl there that brought about quite a big change  
But I O.D'd in Denver and I just can't remember her nameI guess you could say that my love life would not up  
to part  
Too many nights alone had left some permanence scars  
She told me she'd love me and I told her I'd do the same  
Then I O.D'd in Denver and I just can't remember her nameI brought it on myself and I guess that I shouldn't  
complain  
Doc said son you can't do anymore of that cocaine  
But she made me higher than all of those expensive things  
But I O.D'd in Denver and wish I could remember her nameI turned to other things tryin' to make my  
daydreams real  
But they don't take the place of the woman's face and her feels  
She treated me nice and I like to find her again  
But I O.D'd in Denver and I just can't remember her name
