Ho!... Uh!9, 10, 11, 12,
13, 14, 15, 16, ooh!
Just step aside, I'm bustin' out all over
16, ooh, woo...woo...
Take a look inside, you see I'm so much olderLook out
I'm not messin' 'round
I got a brand new attitude
No doubt
I'm growing strong and proud
Wait and see, just watch me bloomI've been waiting oh so long
For this moment to arrive
And now I'm moving on16, just step aside
Just step aside, I'm bustin' out all over
16, ooh, woo... woo...
Take a look inside, you see I'm so much older16, ooh, woo...woo...
The time is right, I'm bustin' out all over
16
Take a look inside, you see I'm so much olderJump back
I'm pushin' through the crowd
I'm out to pave a fresh new way
My act is all together now
I'm ready for the modern dayI've been waiting oh so long
I've been waiting so long
And now I'm moving on16, just step aside
Just step aside, I'm bustin' out all over
16, take a look, take a look
Take a look inside, you see I'm so much older16, ooh, woo...woo...
The time is right, I'm bustin' out all over

Take a look inside, you see I'm so much older, older, babyI'm a little bit, I'm a little bit older
