

Divinations

Mastodon

It's gone away, it's gone away, it's gone for good
Animal spirits come calling me home
Through the tunnels of brilliant light
The magnet of wisdom is pulling
Burrowing faster, the fabric of time
No escape
Binding spirits
No escape
Trapped in time space
Rapid descendants, the wormhole is empty
The center of khlysty surrounds me
The fire is dancing in a silvery sheet of breath
Black robe, necromancing
Summon the soul of the specter
No escape
Binding spirits
No escape
Trapped in time space
Fire in the eye
Realm of mystic majesty
No escape
Binding spirits
No escape
Trapped in time space
Fire in the eye
Realm of mystic majesty
