Kool Keith

Yeah, straight from the ranch
Motion man
J. reno, Kool Keith
Kool Keith I used to rock a booty butt banger with a hanger
Snap back with back slaps, bypass them corny raps
Perhaps some action, maxin' in the turb' relaxin'
Unique investigator, sportin' more alligators From here to Virginia clubs when I step up in ya
Tell the maid from my toes to my shoulder blade
Extreme act up on front stage, make 'em back up
You get that workout that head piece gettin' slapped up Now turn yo' lip up, you drop that mic, you turn yo' lip
down
I spin on stage like, blowin' mics, make you sit down
From here to North Carolina, 95 to South Carolina
Atlanta, Georgia, Florida flowin' down like I'm water Mexican, Indian, fly girls, the Puerto Ricans
Pum pum pump, the eight oh eight oh eight oh eight oh peakin'
Now start spectacular, expert, them legs will work
Bronx bomber watch' em strip Eddy tip that fine mama Hydraulics expand, while drums bang like gap band
I clap hand, take his mic, give him five to my man
Switch his work to talent shows, I do concerts
Light up shirts like fourth of July atomic fireworks
Extraction attack, white backpacks on wack macks, yeah Clifton, Santiago

You didn't see me in the midst with my pistol, ev dog
Flyin' heads is my job, I will clobber you
Walkin' backwards, chosin' jacket turn around Gloves on, opposite hands
Can you recognize me?
I wear blu blocker shades so you can't see what I see
Holdin' a mirror up, so I don't run into nobody But I don't care, 'cause I know karate
Vulcan pinch and that yoga too
Don't you know I'm stretch Armstrong in the flesh
With a mocha tan and a criminal mind? Like chairhead Chippendale, yeah
Comedy? Yes, no? Maybe not
But if I got a lip don't zip
Baggy jeans on, walkin' through a crowded room Avoid all contact with me, click boom
People scatter stop that chatter they resort to screamin'
Am I dreamin', drunk or just zooted out?
I need help call 9-1-1 pronto My modus operandi is complete
